

GRACE FRANCINE M. PATRICIO
BS Information Technology
with Specialization in Web and Mobile Applications

Objective

To obtain an internship position in web and mobile application development where I can apply my skills in Microsoft Power Platform, front-end development, UI/UX design, and workflow automation to create practical digital solutions and improve business processes.

Accomplished Projects

- *National Vacancy Tracker*: a confidential vacancy-management app for a large FMCG company built with Power Apps, Power Automate, and SharePoint Lists; supports vacancy encoding/editing, centralized monitoring, bulk upload, search/filtering, export, and recruitment progress tracking | **Individual Project**
- *ImprentaX*: a capstone project for a printing business featuring online ordering, sales monitoring, demand forecasting reports, in-app chat, automated inventory, PayMongo integration, and email notifications using Dart | **Web/Mobile App Developer, UI/UX Designer**
- *Casa Carmina*: a prototype e-commerce website developed using WordPress, featuring product listings, product pages, and an online shopping interface | **WordPress Developer, UI/UX Designer**
- *Baguette Bites*: a prototype e-commerce website developed using HTML, CSS, and JavaScript, featuring product displays, navigation, and a responsive user interface | **Web Developer, UI/UX Designer**
